

removeConnection

muduo::TcpClient::
~TcpClient

```
graph LR; A[muduo::TcpClient::~~TcpClient] --> B[removeConnection];
```

The diagram illustrates a call to the `removeConnection` method. A blue arrow points from the `muduo::TcpClient::~~TcpClient` box on the right to the `removeConnection` box on the left. The `removeConnection` box is shaded gray, while the `muduo::TcpClient::~~TcpClient` box is white.
