

getTcpInfoString

```
graph LR; disconnected[disconnected] --> getTcpInfoString[getTcpInfoString];
```

A diagram showing a horizontal relationship between two rectangular boxes. The box on the left is shaded gray and contains the text 'getTcpInfoString'. The box on the right is white and contains the text 'disconnected'. A dark blue arrow points from the right side of the 'disconnected' box to the right side of the 'getTcpInfoString' box, indicating a call or interaction from the 'disconnected' state to the 'getTcpInfoString' function.
