

decrementAndGet

muduo::detail::AtomicInteger
T< int32_t >::decrement

```
graph LR; A["muduo::detail::AtomicInteger<br>T< int32_t >::decrement"] --> B["decrementAndGet"]
```

A diagram showing a call from the `muduo::detail::AtomicInteger T< int32_t >::decrement` function to the `decrementAndGet` method. The `decrementAndGet` method is highlighted in a gray box, while the calling function is in a white box. A blue arrow points from the white box to the gray box.
